

Hello

Here You have some advices for common use of my template. If You need any further instructions or help, please contact me using contact form at my account profile.

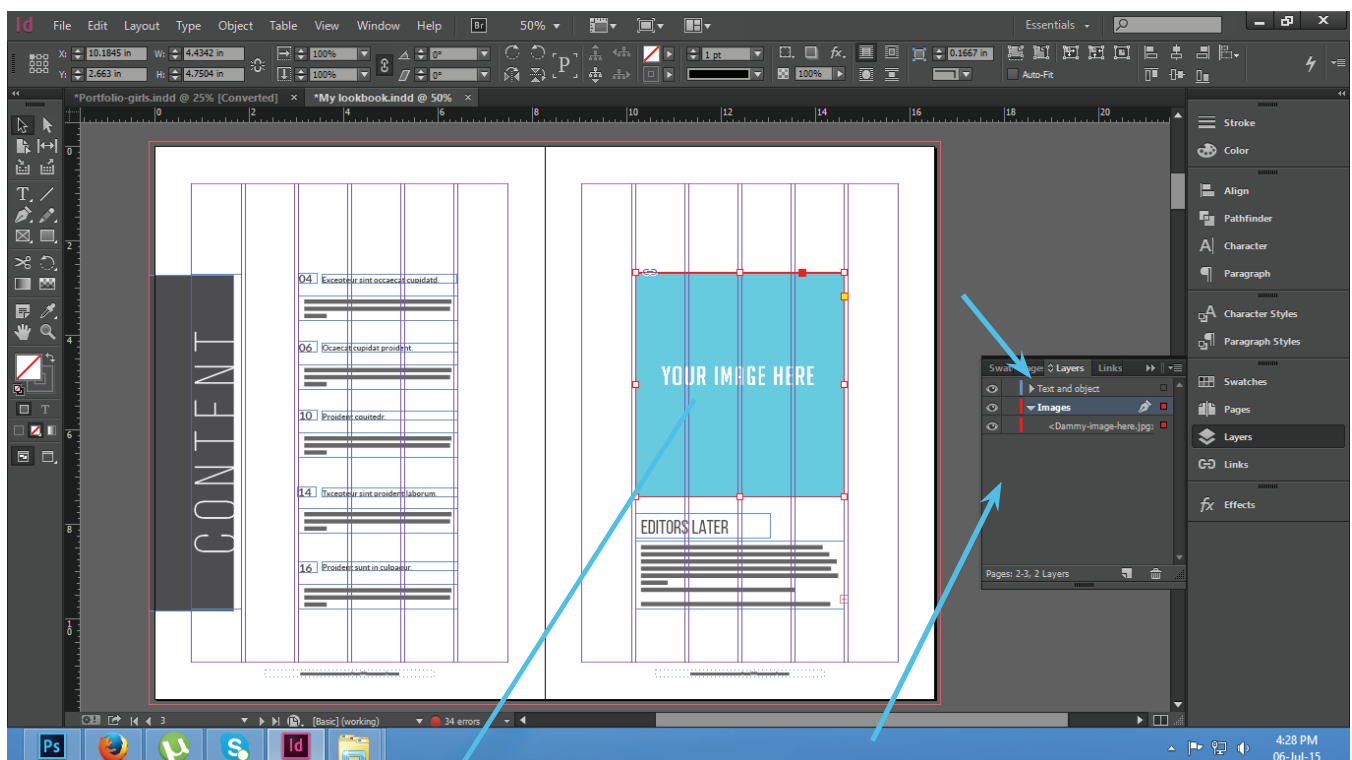

Thank You for purchasing my template !

Please Dont forget to rate 5 star at your download option now,

1. Unzip the ZIP package.
2. Open InDesign .indd files

1. FILE IS LAYERED - you have better access to every element in the project.

InDesign

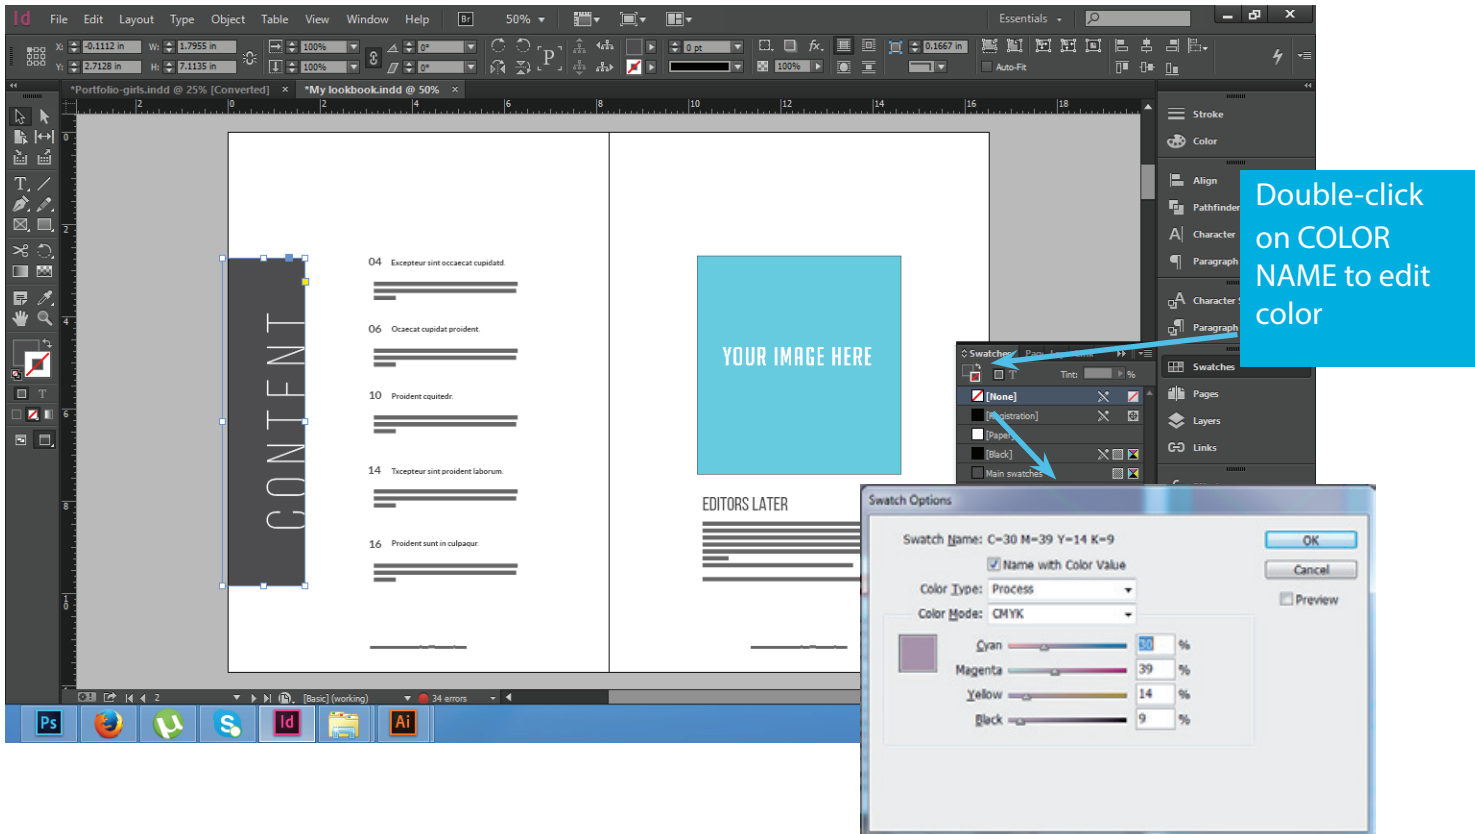

Click Ctrl+D to select photo
Press-Ctrl+Alt+Shift+C to fit.

Click here - lock the layer
Block unused layers - easy to work

Guides are on a separate layer.

2. ALL SWATCHES ARE NAMED - with one click you can change colors of design elements or text.

InDesign

ables quick adjustment of any changes in text attributes - on many pages at the same time
